Parks, Open Space, Trails and Recreation Master Plan

Community Forum

**Monday, September 11, 6 - 8 p.m.
at the Durango Community Recreation Center**

The City of Durango has initiated a Parks, Open Space, Trails and Recreation Master Plan update and has hired PROS Consulting to assist with the process and plan development. The purpose of this plan is to develop a clear set of objectives and provide direction for the development and enhancement of the City's parks, open space, trails and recreation programs and facilities.

We need your input about important questions:

- What do we love and do not want to change?
- What needs do we have today that are not being met?
- What direction should we go with new opportunities that have arisen since we last updated the plan?
- What do we want our parks, open space, trails and recreation programs to be like 10 - 15 years from now?

The forum will include a presentation and keypad polling where each participant can answer polling questions anonymously with the results shown in real-time.
